

# **HARMONY: A COLORADO CHORALE**

## ***The power and joy of GLBTS voices!***

April 2008

Dear Friend of Harmony,

### ***Just when you thought the magic was gone . . . POOF!***

**Harmony: a Colorado chorale** brings out the magic in everyone with a new adventure based on a classic tale. On June 14<sup>th</sup> and 15<sup>th</sup>, 2008, Harmony will present three performances of another original musical, *Magic!*

As you may be aware, “*Harmony is an all-inclusive chorus committed to using the power of music to educate and empower its members and the community at large. From its base in the gay and lesbian community, Harmony’s music celebrates difference, effects positive change, and works toward achieving equality for all people.*”

Founded in 1991, Harmony is a non-auditioned, mixed-voice chorus, encouraging people from all walks of life and musical experience/education to come together in a shared artistic experience.

As an IRS-recognized 501(c)3 nonprofit organization working hard to make the most of a very modest budget, Harmony presents two major concert productions a year, as well as shares its voices with numerous other organizations through free outreach performances. Harmony also makes available reduced-price tickets for students and seniors.

To ensure our continuing success this year, Harmony is offering your business or organization the opportunity to collaborate with us -- as a sponsor -- for ***Magic***, sure to be our next “spellbinding” production. ***Magic*** will be performed at the state-of-the-art Lakewood Cultural Center and we look for over 600 people to come to our shows. As a sponsor, your business or organization could be acknowledged to our audiences, members and supporters during those performances – and throughout the season – in many, many ways.

Sponsorship levels for 2008 range from \$250 for a single-season **Supporting** sponsor to \$1,500+ for a full-year **Presenting** sponsor. Please see the enclosed information outlining these sponsorship levels and their associated acknowledgement packages.

I will be calling you next week to talk more about this exciting opportunity. In the meantime, please go to [www.harmonychorale.org](http://www.harmonychorale.org) to learn more about Harmony’s ***Magic!***

We in Harmony think that the world could always use a little more magic – especially now. Could you please help us to spread our ***Magic*** around?

Sincerely,

Terry Neal  
Vice-president, Harmony Board of Directors
